

St. Timothy Business Network

About STBN:

The St. Timothy Business Network (STBN) is an independent, non-profit organization made up of business professionals. The members are practicing Catholics who come together to network amongst each other, to advance Catholic morality, values, and ethics in our workplaces and in our community, and to provide charitable works to the St. Timothy Parish and School. STBN members recognize the need to live out our faith in all aspects in our lives including in the workplace. We are committed to supporting each other by helping each other grow in our faith and helping each other grow our individual businesses.

Mission:

The St. Timothy Business Network's mission is to establish and maintain a dynamic group of practicing Catholics who are committed to: growing each other's businesses through active networking; living out our faith in our workplaces; providing St. Timothy's parishioners with services they can trust to be founded in Catholic morality, values, and ethics; and to provide assistance and charitable contributions to the St. Timothy Parish.
